

Wiesbaden Wahoos Swim Team

Committed to develop competitive swimmers and to promote good sportsmanship!!

Wiesbaden Wahoos Swim Team is a non-profit, competitive swim team serving the Wiesbaden area. We are governed by a parent fun Board of Directors. Our team has close to 50 swimmers ranging from young elementary school age through high school age, from beginner levels up to national competitors. Wiesbaden Wahoos Swim Team hosts several swim meets, including the largest in the league, the Battle in the Bubble at our local pools located in Mainz and Frankfurt. The team also attends several other swim meets every year all over Europe, including Spain, England, and Italy to name a few. These swim meets are well attended by locals and visitors alike.

Wiesbaden Wahoos Swim Team strives to provide a positive competitive environment that will help develop good swimming skills, a solid foundation for friendship, and an overall experience that will enhance our children's team spirit and sportsmanship. Wiesbaden Wahoos Swim Team boasts that previous swimmers have been swimming stateside and attending colleges all around the United States!

Wiesbaden Wahoos Swim Team offers a variety of ways for our sponsors to gain positive exposure within and outside our community. Depending on the level of your sponsorship, your company can be widely recognized. Your company name and logo can be displayed on our team website, www.wiesbadenwahoos.com. Your company business card can be printed onto Wiesbaden Wahoos Swim Team meet Heat Sheets listing the events and swimmer names; these are available at each swim meet. Your company name can be displayed on a banner displayed at each swim meet. Your company name can be listed on team shirts printed during the year. Your company can display a plaque with our team picture acknowledging your support of Wiesbaden Wahoos Swim Team. Your company can be listed as a Meet Sponsor at the Wiesbaden Wahoos Swim Team hosted swim meet. Your company can receive acknowledgement for its contribution to Wiesbaden Wahoos Swim Team in the Community sponsored Facebook pages. Each of these ways provide excellent exposure and recognition.

Contributions received will be utilized to develop and grow the youth swimmers. As a non-profit organization, our livelihood relies on members and donors. Some of the items that are in dire need of attention are three laptop computers. These laptop computers are utilized to maintain continuity amongst the Meet Director, the Statistician as well as the Head Coach. The meet director utilizes the laptop to coordinate and log all the logistics required to assemble the various meets hosted by the team. These meets sometimes are hosted in faraway places and the coordination and contacts made are important historical events to pass on to the next incoming meet director. The second laptop utilized by the team statistician is exactly as it sounds; the team statistician utilizes the laptop to record as near real-time as possible swimmers' times and current standings during the meet. They also maintain records of the swimmer's progress throughout the season to be able to provide positive reinforcement to the children of how they have progressed throughout the swim season. The third laptop is used by the head coach. The head coach is responsible to track all practices as well as maintain a roster of swimmers and their strengths and weaknesses so they may work with each swimmer individually. The next item that the team is in dire need of is 10 lap counter boards. These are utilized when swimmers are swimming long distances and need to keep track of their progress in the pool. When swimming 800 meters in a 50-meter pool it becomes very difficult for the swimmer to keep track of the number of laps they have swum. Other miscellaneous items that contributions aid in is the swim equipment, gear, incentives, awards, coaching clinics and finally an end of season awards banquet to recognize all the great accomplishments of the swimmers.
